

## Legacy Preparatory Academy Student Pledge

I am one of the most beautiful people in the world. Look beyond my outer features, my dress and even the color of my skin. Look at my mind, my character and my determination to be somebody. Then my real beauty shines through. I know the road won't be easy but I am determined to do at least one good thing for myself and one other person every single day. I promise to work hard to do all the good things that I can and to stay focus on my goals. I want to be the best that I can be. I pledge to love myself to the maximum everyday, to respect my parents, to respect the elderly, to respect authority, to respect all others and above all, I will carry myself with respect and always respect myself. **This I pledge.**
